Registered Nurse

Job Responsibilities:

- Registered nurses assess patient health problems and needs, develop and implement nursing care plans and maintain medical records.

- RN’s administer nursing care to ill, injured, convalescent, and disabled patients.

- RN’s also instruct individuals, families, and other groups on topics such as health education, disease prevention, and childbirth and develop health improvement programs.

This is the program for YOU!

In the Registered Nursing program at Shawnee Community College, students will gain career mobility for persons who have already successfully completed a practical nursing program. The SCC ADN program has an average of 87% pass rate for our students that take the ADN NCLEX examination.
Admission Requirements

1. The prospective student must obtain an admission packet from the Nursing Department (618-634-3282 or www.shawneecc.edu).

2. The applicant must submit application materials to the nursing department by the date designated in the admission packet.

3. The applicant must demonstrate successful completion of an approved program of Practical Nursing.

4. The applicant must successfully complete the admission examination “Test of Essential Academic Skills (TEAS) for Registered Nursing from the Assessment Technologies Institute, LLC (ATI).” (Given in the testing center of the College).

5. Admission to the ADN program is conditional pending successful completion of the Nursing Skills Review Course (ADN 201), which will be offered in the summer semester prior to entry.

6. The applicant must be able to prove physical fitness for the program of study by submitting a completed Shawnee Community College Physical Form after admission into the program.

7. The applicant must submit to a criminal background check and drug testing after admission into the program.
