APPLICATION PROCEDURES (prior versions of this application will only be accepted if all pertinent information is provided)

Please note: If the DD214 Member 4 lists prior federal active duty service, a DD214 Member 4 or equivalent must be submitted for each period of prior federal active duty service. Also please note: an applicant currently serving on federal active duty must provide proof of continuing federal active duty service when his/her current enlistment expires and reapply after discharge from federal active duty service. Any needed corrections to the DD214 Member 4 must be completed before submitting the application.

Applicants must complete this application and supply the required documents. Applicants should keep a copy of the completed application and documents. Allow at least four weeks for processing of the application. Incomplete applications and/or missing documentation will delay an eligibility decision.
