INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Shawnee Community College
Community College District #531
Ullin, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of Shawnee Community College, Community College District #531 (the College) and its discretely presented component unit, Saints Foundation at Shawnee Community College (the Foundation), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP); this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the College and its discretely presented component unit as of June 30, 2021, and the changes in financial position and, where applicable, cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 8, the Schedule of Proportionate Share of Net Pension Liability – SURS on page 40, Schedule of Contributions – SURS on page 41, the Schedule of Proportionate Share of OPEB Liability – CIP on page 43, and the Schedule of Contributions – CIP on page 44 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements of the College as of and for the year ended June 30, 2021. The combining financial statements and other data in Schedules 1 through 16 are presented for purposes of additional analysis and are not a required part of the basic financial

statements. The uniform financial statements in Schedules 17 through 21 and the certificate of chargeback reimbursement (Schedule 22) are presented for purposes of additional analysis as required by the Illinois Community College Board and are also not a required part of the basic financial statements. The accompanying Schedule 32 is presented for purposes of additional analysis as required by the Illinois Grant Accountability and Transparency Act and is not a required part of the basic financial statements. The accompanying Schedules 33 through 35, including the Schedule of Expenditures of Federal Awards, are presented for the purpose of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are also not a required part of the basic financial statements. As described in Note 21, Schedules 1 through 3, Schedules 6 through 9, Schedules 11 through 13, Schedule 17, and Schedules 19 through 21 are reported using the modified accrual basis of accounting, which is a comprehensive basis of accounting other than GAAP for a special-purpose government engaged only in business-type activities.

Schedules 1 through 22 and Schedules 32 through 35, including the schedule of expenditures of federal awards, are the responsibility of management. Schedules 1 through 22, except Schedule 16, and Schedules 32 through 35, were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Information on Schedules 1 through 22, except Schedule 16, and Schedules 32 through 35, has been subjected to the auditing procedures applied in the audit of the basic financial statements, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information on Schedules 1 through 22, except Schedule 16, and Schedules 32 through 35, including the schedule of expenditures of federal awards, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole, except for differences between GAAP for a special-purpose government engaged only in business-type activities and the modified accrual basis of accounting used for the schedules noted above.

Schedule 16 has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on Schedule 16.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated February 16, 2022, on our consideration of the College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

**SHAWNEE COMMUNITY COLLEGE
COMMUNITY COLLEGE DISTRICT #531
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021**

This section of Shawnee Community College's (the College) Financial Statements represents management's discussion and analysis of the College's primary government financial activity during the fiscal year ended June 30, 2021. Since this discussion and analysis is designed to focus on current activities and currently known facts, please read it in conjunction with the basic financial statements and footnotes (pages 9-39). Responsibility for the completeness and fairness of this information rests with the College.

Using this Annual Report

The financial statements focus on the College as a whole. The College's basic financial statements are designed to resemble corporate financial statements whereby all College activities are consolidated into one total. The Statement of Net Position is to be considered bottom line results for the College. This statement combines and consolidates current financial resources (short-term spendable resources) with capital assets. The Statement of Revenues, Expenses and Changes in Net Position focuses on the gross and net costs of College activities. These activities are supported by property taxes, state and federal revenues, tuition and other revenues. This approach is intended to summarize and simplify the user's evaluation of the cost of various College services to students and the public.

Financial Highlights

As of June 30, 2021, the College's Net Position was \$31.2 million, an increase of \$2.3 million over the prior year's Net Position of \$28.9 million. This increase in net position is primarily due to an increase in unrestricted net position of \$0.3 million and in net investment in capital assets of \$1.7 million.

The largest concern in the district is the continual decline in enrollment. Administration is monitoring this and looking at ways to increase enrollment through new programs, hybrid courses, online courses, and condensed courses. The College implemented in fiscal year 2021 a new comprehensive strategic plan and effectiveness system. This plan is to help guide administrators, faculty, and staff on the continued sustainability and growth of the College.

There are currently no other known facts, decisions or conditions which will have a significant effect on the financial position (Net Position) or results of operation (revenues, expenses and changes in Net Position).

Financial Analysis of the College as a Whole

The following tables are prepared from the College's Statement of Net Position (page 9), which is presented on the accrual basis of accounting whereby capital assets are capitalized and depreciated, and Statement of Revenues, Expenses, and Changes in Net Position.

Statements of Net Position
As of June 30
(in millions)

	<u>2021</u>	<u>2020</u>
Current Assets	\$ 23.8	\$ 23.7
Non-Current Assets		
Land	0.1	0.1

Total Non-Operating Revenues	<u>15.4</u>	<u>13.6</u>
Total Revenues	18.3	16.4
Operating Expenses	<u>16.0</u>	<u>16.2</u>
Increase in Net Position	2.3	0.2
Net Position, Beginning of Year	<u>28.9</u>	<u>28.7</u>
Net Position, End of Year	<u>\$ 31.2</u>	<u>\$ 28.9</u>

Significant Transactions and Changes in Individual Funds

The operating fund balance, as represented by both the education and the operation and maintenance funds, experienced an increase of \$602,819 in 2021. This is due to an increase in revenues associated with the HEERF grants that were recorded in fiscal year 2021 for lost revenue in fiscal year 2020. Individually, the education fund balance increased by \$1,081,241 and the operations and maintenance fund balance decreased by \$478,422. The operations and maintenance fund balance decreased \$478,422 due to \$639,841 being expended from bonds funds for facility upgrades. The College budgeted and expended \$15,580 on the current student information system upgrade out of education fund reserves.

The liability, protection and settlement fund balance increased in 2021 by \$59,560 bringing that fund balance to a surplus of \$1,919,908. Local property taxes are the only source of revenues for this fund.

The bond and interest fund was started in 2007. This fund ended fiscal year 2021 with a decrease in fund balance of \$41,302. The remaining fund balance of \$673,883 will be used to make future bond payments.

The capital projects fund balance increased by \$233,466. This increase is due to the planning of several health, safety, and protection projects around the College to improve the campus but not yet expended. The remaining fund balance of \$1,164,555 will be used for future capital expenditures.

Capital Asset Administration

At the end of fiscal year 2021, the College had \$22.1 million invested in a broad range of capital assets (see table below). This amount represents no net increase (including additions and depreciation) from the prior year. More detailed information about capital assets can be found in Note 4 to the Basic Financial Statements.

Capital Assets As of June 30 (Net of Depreciation in millions)

	<u>2021</u>	<u>2020</u>
Land	\$ 0.1	\$ 0.1
Buildings in Progress	-	1.4
Land Improvements	0.1	0.2
Buildings	20.6	19.2
Equipment	0.5	0.2
Vehicles	0.3	0.3
Software	0.4	0.6
Computer Equipment	<u>0.1</u>	<u>0.1</u>
Total Capital Assets, Net of Depreciation	<u>\$ 22.1</u>	<u>\$ 22.1</u>

Long-Term Debt Activity

The College's long-term debt decreased during Fiscal Year 2021 from \$13.2 million to \$11.4 million due to the retirement of \$1.6 million in bond debt and a net decrease in other postemployment benefit liability of \$0.2 million. More detailed information about long-term debt can be found in Note 8 to the Basic Financial Statements.

Economic Factors That Will Affect the Future

The College's fiscal future is influenced by such factors as; the local economy, student enrollment, new program innovations, and technological advances. The College maintains good fiscal management policies and continues to explore alternative revenue sources. In fiscal year 2021 the College secured two new federal grants to help purchase new technology for distance learning and to establish new academic programs. The College's approved operating budget for fiscal year 2022 is \$12.8 million. The total College budget is \$27.6 million. Administration will continue to be proactive in monitoring all areas of its operating budget.

The College's Administration and its Board continue to monitor other major factors related to its financial state including declining student enrollment, limited state funding, and the continued COVID-19 pandemic. Shawnee will continue capital improvements on its grounds and facilities as needed. This includes ongoing annual protection, health and safety projects.

Other than the above, the College is not aware of any currently known facts, decisions, or conditions that are expected to have significant effect on the financial position or results of operations during the new fiscal year.

SHAWNEE COMMUNITY COLLEGE
COMMUNITY COLLEGE DISTRICT #531
Notes to Basic Financial Statements
June 30, 2021

Shawnee Community College, Community College District #531 (the College) is a governmental unit that provides post-secondary school education and vocational training for six counties in Southern Illinois. The summary of accounting policies is presented to assist you in understanding the College's financial statements.

1. Reporting Entity

The accompanying financial statements include all entities for which the Board of Trustees of the College has financial accountability.

The College is a community college governed by an elected eight-member Board of Trustees. The College's district includes the counties of Alexander, Jackson, Johnson, Massac, Pulaski, and Union. The College's mission is to provide affordable vocational, technical, and academic education.

As required by accounting principles generally accepted in the United States of America (GAAP), these financial statements present the financial reporting entity of the College, which consists of the College (the primary government of the reporting entity) and The Saints Foundation at Shawnee Community College (the Foundation), a discretely presented component unit of the College. The Foundation is a discretely presented component unit because the resources received and held by the Foundation are entirely for the direct benefit of the College and those resources are significant to the College.

2. Basis of Accounting and Significant Accounting Policies

- a. The financial statements of the College are prepared in accordance with GAAP. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments. GAAP includes all relevant GASB pronouncements plus other sources of accounting and financial reporting guidance noted in GASB Statement 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*.
- b. For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Non-exchange transactions, in which the College receives value without directly giving equal value in return, include property taxes; federal, state, and local grants; state appropriations; and other contributions. On an accrual basis, revenue from grants, state appropriations, and other contributions is recognized in the year in which all eligibility requirements have been satisfied.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when the use is first permitted; matching requirements, in which the College must provide local resources to be used for a specified purpose; and, expenditure requirements, in which the resources are provided to the College on a reimbursement basis.

- c. Cash includes deposits held at banks and small amounts of cash held for change funds. Cash equivalents include deposits held in the Illinois Funds Money Market Fund.
- d. Cash and cash equivalents that are subject to certain limitations as to their uses are reported as restricted. These amounts include property taxes received for specific purposes, grant funds, bond proceeds for capital projects and amounts held by the College as an agent for student organizations.
- e. Investments consist of certificates of deposit with maturities greater than three months. These certificates of deposit are carried at cost. The difference between the cost and fair value of the negotiable certificates of deposit is insignificant.
- f. Student tuition and fees receivables include uncollateralized student obligations, which generally require payment by the first day of classes. These receivables are stated at the invoice amount.

Student balances unpaid at the middle of the term are considered delinquent. Collection costs may be applied to account balances still outstanding 30 days following the end of the semester. Payments of accounts receivable are applied to the specific invoices identified on the students' remittance advice or, if unspecified, to the earliest unpaid invoices.

The carrying amount of student tuition and fees receivables is reduced by a valuation allowance that reflects management's best estimate of amounts that will not be collected. The allowance for doubtful accounts is based on management's assessment of the collectability of accounts based on the aging of the accounts receivable by semesters. If the actual defaults are higher than the historical experience, management's estimates of recoverability of amounts due could be adversely affected. All accounts or portions thereof deemed to be uncollectible or to require an excessive collection cost are written off to the allowance for doubtful accounts. The total allowance as of June 30, 2021, was \$144,845.

Receivables also include outstanding balances from replacement taxes, federal and state funding sources, and other miscellaneous items. No allowance has been provided for these receivables, as management believes these are fully collectible based on past experience with these funding sources.

- g. Inventories are stated at the lower of average cost or market. Cost is determined on a first-in, first-out (FIFO) basis. Inventories consist of food supplies, textbooks, college apparel, and school supplies.

- h. Capital assets include property, plant equipment, and infrastructure assets, such as roads and sidewalks. Capital assets are defined by the College as assets with an initial cost of \$5,000 or more and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation is computed by the straight-line method over the estimated lives as follows:

Land Improvements	10-12.5 Years
Buildings	50 Years
Equipment	7-8 Years
Vehicles	5 Years
Computer Technology Equipment	5 Years

- i. The financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The College has two items that qualify for reporting in this category. These items, the pension related deferred outflows and other postemployment benefits (OPEB) related deferred outflows, are reported in the Statement of Net Position. The pension related deferred outflows item is the amount of contributions made by the College to the State Universities Retirement System (SURS or the System) for retirement benefits on grant funded salaries during the year ended June 30, 2021. One of the OPEB related deferred outflows items is the amount of contributions made by the College to the Community College Health Insurance Security Fund (also known as the College Insurance Program (CIP)) for retiree health insurance benefits. These contributions occurred after the SURS and CIP liability measurement date of June 30, 2020 and will be included in the pension and other postemployment benefit expense, respectively, in Fiscal Year 2022. The College's other OPEB related deferred outflows item is the allocated portion of the net difference between projected and actual experience of the total OPEB liability, the College's changing portion of the allocated CIP liability, and the differences between the College's contribution and its share of contributions.

The financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Other postemployment benefit related deferred inflows qualify for reporting in this category at June 30, 2021. The other postemployment benefit related deferred inflows consist of the College's allocated portion of changes in assumptions, the net difference between projected and actual experience of the total OPEB liability, and the net difference between projected and actual investment earnings on OPEB plan investments. Additionally, this category includes a deferred inflow for the College's changing proportion of the allocated CIP liability.

- j. Accrued liabilities include accrued vacation, which is accumulated unused vacation days up to a maximum of 20 days that employees are allowed to accumulate. Those days are guaranteed to be paid to employees upon termination of employment.

The rate of accrued compensated absence is calculated based on the employee's equivalent hourly rate as of Statement of Net Position date.

- k. Unearned revenue includes amounts received which represent payments for services to be provided in future periods for which asset recognition criteria has been met, but for which revenue recognition criteria have not been met. These amounts consist of unexpended grant funds and tuition and fee charges for a portion of the in-progress Summer semester and all of the upcoming Fall semester. The tuition and fee charges are prorated according to the timing of the semester.

Unearned revenue also includes a refund payable for property taxes collected that are subject to successful tax protests.

- l. The College's net position is classified as follows:

- Net Investment in Capital Assets – This represents the College's total investment in capital assets net of accumulated depreciation and related debt that has been used as of the statement of net position date to finance capital additions.
- Restricted Net Position – This includes resources that the College is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties or enabling legislation.
- Unrestricted Net Position – This includes resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources may be used for transactions relating to the educational and general operations of the College and may be used at the discretion of the governing board to meet current expenses for any purpose.

When both restricted and unrestricted resources are available to finance expenses, it is the College's policy to first apply restricted resources to such expenses.

- m. Operating revenues include all activities that have the characteristics of exchange transactions, such as student tuition and fees, and sales and services of auxiliary enterprises, net of scholarship discounts and allowances. All other revenues are considered non-operating.
- n. The College's property taxes are levied each calendar year on all taxable real estate located in the College's district. The district's boundaries overlap six counties with each serving as a local taxing authority for the College. Property taxes are recorded on an accrual basis of accounting. Pursuant to Board of Trustee's resolutions, property tax levies passed in December 2019 and 2020, were allocated 70 percent and 30 percent, respectively, for Fiscal Year 2021. Taxes must be levied by the last Tuesday in December for the following collection year. The levy becomes an enforceable lien against the property as of January 1 of the levy year. Taxpayers may file a complaint with the Board of Review if they believe assessments are too high and may make further appeal to the state Property Tax Appeals Board. However, tax levies are determined by local governments, not by assessors. Due dates and collection dates vary according to the schedules of the individual counties with disbursements to the District normally made within 30 days of collection.

Property tax receivables have not been reduced for an allowance as the College's historical collection experience indicates this amount is insignificant.

Act 89-1 placed limitations on the annual growth of most local governments' property tax collections. Currently, the limitation is the lesser of 5 percent or the rate of inflation. The following are the statutory maximum tax rates permitted and the actual rates levied per \$100 of assessed valuation:

	Maximum Rate	Actual Rate	
		2020 Levy Payable 2021	2019 Levy Payable 2020
Education	.20000	.20000	.20000
Building	.10000	.10000	.10000
Tort Immunity	Unlimited	.10793	.10734
Social Security	Unlimited	.01869	.01957
Audit	.00500	.00500	.00500
Health and Safety	.05000	.03825	.03902
Bond and Interest	Unlimited	.26324	.27452
Prior Year Adjustment	N/A	(.00541)	-
		<u>.72770</u>	<u>.74545</u>

- o. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the plan net position of SURS and additions to/deduction from SURS' plan net position has been determined on the same basis as they are reported by SURS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For purposes of measuring the net other postemployment benefit (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the plan net position of the Community College Health Insurance Security Fund (CIP) and additions to/deduction from CIP's plan net position has been determined on the same basis as they are reported by CIP. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For the purposes of financial reporting, the State of Illinois and its public universities and community colleges are under a special funding situation. A special funding situation exists when a non-employer entity is legally responsible for making contributions directly to a pension plan that is used to provide pensions to the employees of another entity and the non-employer is the only entity with a legal obligation to make contributions directly to a pension plan. The State of Illinois is considered a non-employer contributing entity. The College recognizes its proportionate share of the State's pension expense relative to the College's employees as non-operating revenue and on-behalf expense.

- p. Although the College adopts an expanded operational budget, the budget legally required by the Illinois Community College Board contains only a statement of cash on hand at the beginning of the fiscal year, an estimate of the cash expected to be received during such fiscal year from all sources, an estimate of the expenditures contemplated for such fiscal year, and a statement of the estimated cash expected to be on hand at the end of such year.
- q. The preparation of financial statements in conformity with GAAP requires the use of management's estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

The most sensitive estimates affecting the financial statements were:

1. The valuation of the student tuition receivable
 2. The useful lives of depreciable capital assets
 3. The unearned revenue for property taxes received under appeal
 4. The valuation of the liability for post-employment health insurance benefits
 5. The amount of expenses eligible for reimbursement under the College's state and federal grants
- r. In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*. The standard improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The College adopted the new standard for Fiscal Year 2021. The adoption of this standard did not impact beginning net position of July 1, 2020, and there was also no impact to any component of the financial statements for Fiscal Year 2021 as a result of applying this statement.

3. Over Expenditure of Legal Budgets

The College over expended its legally adopted budgets for the following funds in Fiscal Year 2021.

- The Auxiliary Fund budget was over expended by \$158,334. Of this amount, \$126,841 was related to prior year's inventory balances that were expensed in the current year and are not part of the fund's appropriation. The remaining over expenditure of \$31,493 was due to materials and supplies expenses being higher than expected.
- The Bond and Interest budget was over expended by \$1,000. The over expenditure was due to interest expense being higher than expected.

4. Deposits and Investments

The College is authorized to invest in instruments outlined under Chapter 30, Section 235 of the Illinois Compiled Statutes. Such instruments include: direct obligations of federally insured banks and savings and loan associations; insured obligations of Illinois credit unions; securities issued or guaranteed by the U.S. Government; money market mutual funds investing only in U.S. Government based securities; commercial paper of U.S. corporations with assets over \$500 million; short-term obligations as defined in the Public Fund Investment Act; and the investment pools managed by the State Treasurer of Illinois.

Investments

At June 30, 2021, the College's investments consisted of eight non-negotiable certificates of deposit with different banks each with a carrying value that exceeds five percent of the College's total investments at June 30, 2021.

Custodial Credit Risk – Bank Deposits

Custodial credit risk is the risk that in the event of a bank failure, the College's deposits may not be returned to it. The College's investment policy requires that funds on deposit in excess of federal deposit insurance limits must be secured by collateral pledged by the financial institution. At June 30, 2021, \$7,868,898 of the College's \$10,198,250 bank balance, including certificates of deposits, was exposed to custodial credit risk. The exposed balance was fully collateralized by securities pledged by the depository bank, but such securities are not held in the name of the College.

Credit Risk and Interest Rate Risk – External Investment Pools

At June 30, 2021, the College held \$8,679,531 in the Illinois Funds Money Market Fund. The fair value of the College's position in this fund is equal to the value of the College's fund shares, which maintain a \$1 net asset value. The portfolio is regulated by oversight of the Treasurer of the State of Illinois and private rating agencies. The portfolio has an AAAM rating from Standard and Poor's. The assets of the fund are mainly invested in securities issued by the United States government or agencies related to the United States. Assets of the fund that are not invested in United States government securities are fully collateralized by pledged securities. The time to maturity of the investments in this external investment pool averages less than one year. The College has no restrictions on withdrawing funds from this external investment pool.

At June 30, 2021, the College held a total of \$693,918 in the Illinois School District Liquid Asset Fund Plus. The reported value of the College's position in this fund is equal to the value of the College's fund shares, which maintain a \$1 net asset value. The Illinois School District Liquid Asset Fund Plus is regulated by private rating agencies. The portfolio has an AAAM rating from Standard and Poor's. The assets of the fund are mainly invested in money market instruments having maximum remaining maturities of one year or less, except investments in U.S. Government securities, which may have up to two years remaining to maturity and are valued at amortized cost. Assets of the fund are fully collateralized by pledged securities. The time to maturity of the investments in this external investment pool averages less than one year. The College has no restrictions on withdrawing funds from this external investment pool.

5. Property and Equipment, Net

The following is a summary of changes in property and equipment for the year ended June 30, 2021:

	<u>June 30, 2020</u>	<u>Additions</u>	<u>Disposals</u>	<u>June 30, 2021</u>
Assets Not Being Depreciated:				
Land	\$ 89,166	\$ -	\$ -	\$ 89,166
Buildings in Progress	1,419,559	-	1,419,559	-
Assets Being Depreciated:				
Land Improvements	212,778	26,222	-	239,000
Buildings	30,102,970	2,035,619	-	32,138,589
Equipment	919,030	387,685	7,359	1,299,356
Vehicles	795,449	36,749	-	832,198
Software	1,199,826	-	-	1,199,826
Computer Technology Equipment	792,361	10,489	-	802,850
Total Property and Equipment	<u>35,531,139</u>	<u>2,496,764</u>	<u>1,426,918</u>	<u>36,600,985</u>
Less: Accumulated Depreciation and Amortization				
Land Improvements	(129,757)	(10,987)	-	(140,744)
Buildings	(10,941,354)	(614,070)	-	(11,555,424)
Equipment	(686,756)	(85,578)	(7,359)	(764,975)
Vehicles	(475,648)	(65,043)	-	(540,691)
Software	(545,524)	(190,123)	-	(735,647)
Computer Technology Equipment	(674,274)	(42,202)	-	(716,476)
Total Accumulated Depreciation and Amortization Property and Equipment, Net	<u>(13,453,313)</u>	<u>(1,008,003)</u>	<u>(7,359)</u>	<u>(14,453,957)</u>
	<u>\$ 22,077,826</u>	<u>\$ 1,488,761</u>	<u>\$ 1,419,559</u>	<u>\$ 22,147,028</u>

6. Accrued Liabilities

Accrued liabilities consist of the following at June 30, 2021:

Accrued Wages	\$ 256,140
Accrued Vacation	170,383
Accrued Interest	40,454
Total Accrued Liabilities	<u>\$ 466,977</u>

7. Unearned Revenue

Unearned revenue consists of the following at June 30, 2021:

Property Taxes Received Under Protest	\$	831,449
Deferred Grant Revenue		221,063
Unearned Student Fees		102,357
Unearned Student Tuition		98,353
Other Unearned Revenue		26,383
Total Unearned Revenue	\$	<u>1,279,605</u>

8. Unrestricted Net Position

Unrestricted net position at June 30, 2021 consisted of (\$7,793,179) related to other postemployment benefit activity and \$11,072,340 related to other general purposes.

9. Long-Term Debt

The following is a summary of changes in long-term debt for the year ended June 30, 2021:

	June 30, 2020	Additions	Retired	June 30, 2021	Due Within One Year
2017A Series Bond	\$ 800,000	\$ -	\$ 800,000	\$ -	\$ -
2017B Series Bond	4,000,000	-	800,000	3,200,000	1,625,000
Other Postemployment Benefit	6,703,834	(159,629)	32,853	6,511,352	-
Accrued Vacation	181,445	134,761	145,823	170,383	170,383
Note Payable	1,548,298	-	-	1,548,298	1,548,298
Total Long-Term Debt	<u>\$ 13,233,577</u>	<u>\$ (24,868)</u>	<u>\$ 1,778,676</u>	<u>\$ 11,430,033</u>	<u>\$ 3,343,681</u>

The College issued 2017A general obligation community college bonds in December 2017. Principal payments were made annually beginning December 1, 2019 and ran through December 1, 2020. Interest rates on the bonds ranged from 4.00 percent to 4.50 percent. Interest was payable semiannually on June 1 and December 1 beginning December 1, 2019.

The College issued 2017B general obligation community college bonds in December 2017. Principal payments are made annually beginning December 1, 2020 and run through December 1, 2022. Interest rates on the bonds range from 3.75 percent to 4.00 percent. Interest is payable semiannually on June 1 and December 1 beginning December 1, 2019.

In May 2020, the College received a Paycheck Protection Program (PPP) loan from the U.S. Small Business Administration in the amount of \$1,548,298 in response to the global COVID-19 pandemic. The note, including interest, is payable in monthly installments starting November 2020 after a 6-month deferral period with an interest rate of 1 percent and matures May 2022. Interest will accrue during the 6-month deferral period.

Total interest expense incurred for all long-term debt for the year ended June 30, 2021 was \$154,833.

Maturities of the bonds are as follows:

Fiscal Year Ending June 30	Principal	Interest	Total
2022	\$ 1,625,000	\$ 95,500	\$ 1,720,500
2023	1,575,000	31,500	1,606,500
	<u>\$ 3,200,000</u>	<u>\$ 127,000</u>	<u>\$ 3,327,000</u>

10. Lease Commitments

The College is obligated under one non-cancellable operating lease for office building, classroom, and activity space, with terms running through February 2023. The College is also obligated under 13 non-cancellable operating leases for office equipment with terms running through October 2024. An operating lease does not give rise to property rights or purchase obligations; therefore, these lease agreements are not reflected in the College's property and equipment.

Future minimum lease payments under these operating leases are as follows:

Fiscal Year Ending June 30	
2022	\$ 76,795
2023	53,906
2024	7,561
2025	2,520
	<u>\$ 140,782</u>

Total rental expense for the leases above and other short-term leases for the year ending June 30, 2021 was \$123,958.

11. Pension Plan

Plan Description

The College contributes to SURS, a cost-sharing multiple-employer-defined benefit pension plan with a special funding situation whereby the State of Illinois makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941, to provide retirement annuities and other benefits for staff members and employees of state universities, certain affiliated organizations, and certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS is considered a component unit of the State of Illinois' financial reporting entity and is included in the state's financial reports as a pension trust fund. SURS is governed by Chapter 40, Act 5, Article 15 of the *Illinois Compiled Statutes*. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at www.SURS.org.

Benefits Provided

A traditional benefit plan was established in 1941. Public Act 90-0448 enacted effective January 1, 1998, established an alternative defined benefit program known as the portable benefit package. The traditional and portable plan Tier 1 refers to members that began participation prior to January 1, 2011. Public Act 96-0889 revised the traditional and portable benefit plans for members who begin participation on or after January 1, 2011, and who do not have other eligible Illinois reciprocal system services. The revised plan is referred to as Tier 2. New employees are allowed six months after their date of hire to make an irrevocable election. A summary of the benefit provisions as of June 30, 2020, can be found in SURS annual comprehensive financial report (ACFR) Notes to the Financial Statements.

Contributions

The State of Illinois is primarily responsible for funding the System on behalf of the individual employers at an actuarially determined amount. Public Act 88-0593 provides a Statutory Funding Plan consisting of two parts: (i) a ramp-up period from 1996 to 2010 and (ii) a period of contributions equal to a level percentage of the payroll of active members of the System to reach 90 percent of the total Actuarial Accrued Liability by the end of Fiscal Year 2045. Employer contributions from “trust, federal, and other funds” are provided under Section 15-155(b) of the Illinois Pension Code and require employers to pay contributions which are sufficient to cover the accruing normal costs on behalf of applicable employees. The College’s normal cost for Fiscal Year 2021 was 12.70 percent of employee payroll. The normal cost is equal to the value of the current year’s pension benefit and does not include any allocation for the past unfunded liability or interest on the unfunded liability. Plan members are required to contribute 8.0 percent of their annual covered salary. The contribution requirements of plan members and the College are established and may be amended by the Illinois General Assembly.

The College makes contributions toward separately financed specific liabilities under Section 15-139.5(e) of the Illinois Pension Code (relating to contributions payable due to the employment of “affected annuitants” or specific return to work annuitants), Section 15-155(g) (relating to contributions payable due to earning increases exceeding 6 percent during the final rate of earnings period), and Section 15-155(j-5) (relating to contributions payable due to earnings exceeding the salary set for the Governor).

Net Pension Liability

At June 30, 2020, SURS reported a net pension liability (NPL) of \$30,619,504,321. The net pension liability was measured as of June 30, 2020.

Employer Proportionate Share of Net Pension Liability

The amount of the proportionate share of the NPL to be recognized for the College is \$0. The proportionate share of the State of Illinois' net pension liability associated with the College is \$52,759,237 or 0.1723 percent. The College's proportionate share changed by 0.0057 percent from 0.1780 percent since the last measurement date on June 30, 2019. This amount is not recognized in the College's financial statements. The net pension liability and total pension liability as of June 30, 2020, was determined based on the June 30, 2019, actuarial valuation rolled forward. The basis of allocation used in the proportionate share of net pension liability is the actual reported pensionable contributions made to SURS during Fiscal Year 2020.

Pension Expense

At June 30, 2020, SURS reported a collective net pension expense of \$3,364,411,021.

Employer Proportionate Share of Pension Expense

The College's proportionate share of collective pension expense is recognized as nonoperating revenue with matching operating expense in the financial statements. The basis of allocation used in the proportionate share of collective pension expense is the actual reported pensionable contributions made to SURS during Fiscal Year 2020. As a result, the College recognized on-behalf revenue and pension expense of \$5,797,081 from this special funding situation for the fiscal year ended June 30, 2021.

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Deferred outflows of resources are the consumption of net position by the system that is applicable to future reporting periods. Conversely, deferred inflows of resources are the acquisition of net position by SURS that is applicable to future reporting periods.

SURS Collective Deferred Outflows and Deferred Inflows of Resources by Sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$170,987,483	\$ -
Changes in assumption	473,019,629	-
Net difference between projected and actual earnings on pension plan investments	474,659,178	-
Total	\$1,118,666,290	\$ -

SURS Collective Deferred Outflows and Deferred Inflows of Resources by Year to be Recognized in Future Pension Expenses:

Fiscal Year Ending June 30	Net Deferred Outflows of Resources
2021	\$ 435,271,667
2022	346,428,171
2023	183,483,935
2024	153,482,517
	<u>\$ 1,118,666,290</u>

Employer Deferral of Fiscal Year 2020 Pension Expense

The College paid \$71,484 in federal, trust or grant contributions for the fiscal year ended June 30, 2021. These contributions were made subsequent to the pension liability measurement date of June 30, 2020, and are recognized as Deferred Outflows of Resources as of June 30, 2021.

Assumptions and Other Inputs

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period June 30, 2014 through June 30, 2017. The total pension liability in the June 30, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

- Inflation 2.25 percent
- Salary increases 3.25 to 12.25 percent, including inflation
- Investment rate of return 6.75 percent beginning with the actuarial valuation as of June 30, 2018

Mortality rates were based on the RP-2014 White Collar, gender distinct tables with projected generational mortality and a separate mortality assumption for disabled participants.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant(s) and actuary(s).

For each major asset class that is included in the pension plan's target asset allocation as of June 30, 2020, these best estimates are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Public Equity	44.0%	6.67%
Credit Fixed Income	14.0%	2.39%
Core Real Assets	5.0%	4.14%
Options Strategies	6.0%	4.44%
Private Equity	8.0%	9.66%
Non-Core Real Assets	3.0%	8.70%
U.S. TIPS	6.0%	0.13%
Core Fixed Income	8.0%	-0.45%
Systematic Trend Following	2.1%	2.16%
Alternative Risk Premia	1.8%	1.60%
Long Duration	2.1%	0.86%
Total	100%	4.84%
Inflation		2.25%
Expected Arithmetic Return		7.09%

Discount Rate

A single discount rate of 6.49 percent was used to measure the total pension liability. This single discount rate was based on an expected rate of return on pension plan investments of 6.75 percent and a municipal bond rate of 2.45 percent (based on the weekly rate closest to but not later than the measurement date of the 20-Year Bond Buyer Index as published by the Federal Reserve). The projection of cash flows used to determine this single discount rate were the amounts of contributions attributable to current plan members and assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the statutory contribution rates under the SURS funding policy. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2075. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2075, and the municipal bond rate was applied to all benefit payments after that date.

Sensitivity of SURS Net Pension Liability to Changes in the Discount Rate

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the State’s net pension liability, calculated using a single discount rate of 6.49 percent, as well as what the State’s net pension liability would be if it were calculated using a single discount rate that is one percentage point lower or one percentage point higher:

1% Decrease 5.49%	Current Single Discount Rate Assumption 6.49%	1% Increase 7.49%
\$36,893,469,884	\$30,619,504,321	\$25,441,837,592

Additional information regarding the SURS basic financial statements including the Plan’s net position can be found in the SURS ACFR by accessing the website at www.SURS.org.

12. Post-Employment Benefits Other Than Pension (OPEB)

Plan Description

The College participates in the State of Illinois Community College Health Insurance Security Fund (CCHISF) (also known as the College Insurance Program, “CIP”). CIP is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole purpose of providing the health benefits to retirees, as established under the plan, and associated administrative costs. CIP is a cost-sharing multiple-employer defined benefit post-employment healthcare plan that covers retired employees and their dependents of Illinois community college districts throughout the State of Illinois, excluding the City Colleges of Chicago. As a result of the Governor’s Executive Order 12-01, the responsibilities in relation to CIP were transferred to the Department of Central Management Services (Department) as of July 1, 2013. The Department administers the plan with the cooperation of SURS and the boards of trustees of the various community college districts.

Plan Membership

All members receiving benefits from the SURS who have been full-time employees of a community college district or an association of a community who have paid the required active member CIP contributions prior to retirement are eligible to participate in CIP. Survivors of an annuitant or benefit recipient eligible for CIP coverage are also eligible for coverage under CIP.

Benefits Provided

CIP health coverage includes provisions for medical, prescription drugs, vision, dental, and behavioral health benefits. Eligibility to participate in the CIP is defined in the State Employees Group Insurance Act of 1971 (the Act) (5 ILCS 375/3). The Act (5 ILCS 375/6.9) also establishes health benefits for community college benefit recipients and dependent beneficiaries.

Contributions

The Act (5 ILCS 375/6.10) requires every active contributor (employee) of SURS to contribute .5 percent of covered payroll and every community college district to contribute .5 percent of covered payroll. Retirees pay a premium for coverage that is determined by the Director of the Illinois Department of Central Management Services. The State Pension Funds Continuing Appropriation Act (40/ILCS 15/1.4) requires a special funding situation whereby the State of Illinois makes an annual appropriation to the CIP in an amount certified by the SURS Board of Trustees. The State of Illinois pays .5 percent of covered payroll. At the option of the SURS Board of Trustees, the community college districts may pay all or part of the balance of the cost of coverage for retirees from their district. The result is pay as you go financing of the plan. The employer contributions made by the State of Illinois on behalf of the District to CIP and the College's contributions for the year ended June 30, 2021 were both \$31,155.

Net OPEB Liability

At June 30, 2020, CIP reported a net OPEB liability of \$1,822,763,538.

Employer Proportionate Share of Net OPEB Liability

The proportionate share of the net OPEB liability reported by the College is \$6,511,352. The State of Illinois is considered a non-employer contributing entity and the state's contribution meets the definition of special funding situation. The OPEB liability was measured as of June 30, 2020. The total OPEB liability used to calculate the OPEB liability was determined based on the June 30, 2019 actuarial valuation rolled forward. The College's proportion of the net OPEB liability was based on the College's share of contributions to the OPEB plan relative to the contributions of all participating employers and the state of Illinois. At June 30, 2020, the College's proportion was 0.3572 percent. The portion of the State of Illinois' liability that is associated with the College is \$6,511,344. The total share that is associated with the College is \$13,022,696.

OPEB Expense

At June 30, 2020, CIP reported a collective net OPEB expense of \$38,455,955.

Employer Proportionate Share of OPEB Expense

For the year ended June 30, 2021, the College recognized proportionate share of collective OPEB expense of \$140,537. The basis of allocation used in the proportionate share of collective OPEB expense is the actual reported contributions made to CIP during Fiscal Year 2020.

Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

Deferred Outflows of Resources are the consumption of net position by the system that is applicable to future reporting periods, and thus will not be recognized as an outflow (expense) until the future periods.

Deferred Inflows of Resources represent an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

Deferred Outflows and Deferred Inflows of Resources by Sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$59,150	\$364,427
Changes in assumption	-	1,040,927
Net difference between projected and actual earnings on OPEB investments	-	276
Changes in proportion and differences between employer contributions and share of contributions	<u>112,870</u>	<u>79,372</u>
Total deferred amounts to be recognized in OPEB expense in future periods	172,020	1,485,002
OPEB contributions made subsequent to the measurement date	<u>31,155</u>	=
Total deferred amounts related to OPEB	\$203,175	\$1,485,002

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense in future periods as follows:

Fiscal Year Ending June 30	Deferred Outflows of Resources	Deferred Inflows of Resources
2022	\$ 34,404	\$ 297,000
2023	34,404	297,000
2024	34,404	297,000
2025	34,404	297,000
2026	34,404	297,002
Total	<u>\$ 172,020</u>	<u>\$ 1,485,002</u>

Employer Deferral of Fiscal Year 2020 OPEB Expense

The College paid \$31,155 in OPEB contributions for the fiscal year ended June 30, 2021. These contributions were made subsequent to the OPEB liability measurement date of June 30, 2020, and are recognized as Deferred Outflows of Resources as of June 30, 2021. This amount will be recognized in OPEB expense in Fiscal Year 2022.

Assumptions and Other Inputs

The total CIP plan's net OPEB liability was determined by an actuarial valuation as of June 30, 2019 using the following actuarial assumptions, applied to all periods included in the measurement date, unless otherwise specified.

- Inflation – 2.25 percent
- Salary increases – depends on service and ranges from 12.25 percent at less than 1 year of service to 3.25 percent at 34 or more years of service. Salary increases include a 3.25 percent wage inflation assumption.
- Investment rate of return – 0 percent, net of OPEB plan investment expense, including inflation
- Healthcare cost trend rates – actual trend used for Fiscal Year 2020 based on premium increases. For fiscal years on or after 2021, trend starts at 8.25 percent for non-Medicare costs and post-Medicare costs, respectively, and gradually decreases to an ultimate trend rate of 4.25 percent. Additional trend rate of 0.40 percent is added to non-Medicare cost on and after 2022 to account for the Excise tax.

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table. For disabled annuitants, mortality rates were based on the RP-2014 Disabled Annuitant Table. Mortality rates for pre-retirement were based on RP-2014 White Collar Table. Tables were adjusted for SURS experience. All tables reflect future mortality improvements using Projection Scale MP-2017.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period of June 30, 2014 to June 30, 2018.

Discount Rate

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since CIP is financed on a pay-as-you-go basis, a discount rate consistent with fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity's index's "20-year Municipal GO AA Index" has been selected. The discount rate is 2.45 percent as of June 30, 2020.

Sensitivity of total CIP's OPEB liability to changes in the Single Discount Rate

The following presents the College's proportional share of the OPEB liability, calculated using a Single Discount Rate of 2.45 percent, as well as what the total CIP's plan OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.13 percent) or 1-percentage-point higher (4.13 percent) than the current discount rate:

1% Decrease (1.45%)	Current Single Discount Rate Assumption (2.45%)	1% Increase (3.45%)
\$7,419,201	\$6,511,352	\$5,728,469

Sensitivity of the total CIP's plan OPEB liability to changes in the healthcare cost trend rates

The following presents the College's share of the net OPEB liability, calculated using the healthcare cost trend rates as well as what the net OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage point that is higher or lower than the current healthcare cost trend rate. The key trend rates are 8.25 percent in 2021 decreasing to an ultimate trend rate of 4.25 percent in 2037.

1% Decrease	Current Healthcare Cost Trend Rate Assumption	1% Increase
\$5,395,304	\$6,511,352	\$7,991,729

- One percentage point decrease in healthcare trend rates are 7.25 percent in 2021 decreasing to an ultimate trend rate of 3.25 percent in 2027.
- One percentage point increase in healthcare trend rates are 9.25 percent in 2021 decreasing to an ultimate trend rate of 5.25 percent in 2037.

No amount was owed to the plan at June 30, 2021. The College provides no other financially significant postemployment benefit to employees.

13. On-Behalf Payments for Fringe Benefits

For the year ending June 30, 2021, expense for fringe benefits payments made by the State of Illinois on behalf of the College were \$5,797,081 for pensions to SURS and \$115,806 for the health insurance program to CIP.

14. Other Risk Management Issues

The College is exposed to various risks of loss due to torts involving outside contractors, theft, or damage to assets, errors and omissions, and natural disasters. The College purchases commercial insurance for these risks. There has been no significant reduction in coverage over the past two years and settlements have not exceeded insurance coverage in any of the past three years.

The District is insured under a retrospectively rated policy for workers' compensation coverage whereas the initial premium may be adjusted based on actual experience. Adjustments in premiums are recorded when paid or received. During the current fiscal year, there were no significant adjustments in premiums based on actual experience.

15. Inter-Sub-Fund Balances and Transfers

The College maintains various sub-funds to track the activity of the primary government. The following is a summary of the balances and transactions among these sub-funds as of and for the year ended June 30, 2021.

	<u>Due to</u>	<u>Due from</u>
Education Fund	\$ -	\$ 1,835,000
Restricted Purposes Fund	1,835,000	-
	<u>\$ 1,835,000</u>	<u>\$ 1,835,000</u>

	<u>Transfer in</u>	<u>Transfer out</u>
Auxiliary Enterprise Fund	\$ 630,423	\$ -
Education Fund	23,698	630,423
Working Cash Fund	-	23,698
	<u>\$ 654,121</u>	<u>\$ 654,121</u>

The inter-sub-fund balances and transactions are eliminated for the preparation of the basic financial statements of the primary government of the College.

16. Related Party Activity

At June 30, 2021, the College has \$70,768 receivable from the Foundation related to scholarships and salary reimbursements. The Foundation does not present an equivalent liability at June 30, 2021 as the check paying the liability was issued by the Foundation on June 30, 2021, but not received by the College until after June 30, 2021.

17. Contingencies

Federal and State Grants

The College participates in a number of federal and state funded grant programs. Under the terms of these programs, periodic audits may be required by grantor agencies, and certain costs may be questioned as not being appropriate expenditures under the terms of these programs. Such audits could lead to reimbursements to grantor agencies. Based on prior experience, the College's management believes examinations would not result in any material disallowed costs for grant revenue recorded in these financial statements or from prior years.

During Fiscal Years 2018 through 2021, the College received an estimated \$831,449 in property taxes on county assessments that have been successfully protested by a taxpayer. As of the date of the Independent Auditor's Report, no claims have been made directly against the College by the impacted county or the taxpayer. In addition, at this stage in the process, a determination of the ultimate repayment amount and the scheduling of the repayment(s) has not been made.

Uncertainty

Beginning in March 2020, local, U.S., and world governments have encouraged self-isolation to curtail the spread of the global pandemic, coronavirus disease (COVID-19), by mandating temporary work stoppage in many sectors and imposing limitations on travel and size and duration of group meetings. Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Accordingly, while management cannot quantify the financial and other impact to the College as of the date of the Independent Auditor's Report, management believes that a material impact on the College's financial position and results of future operations is reasonably possible.

18. Other Commitments

Subsequent to year end and prior to the date of the Independent Auditor's Report, the College entered into a five-year contract for a cloud-based ERP system. The contract totaled approximately \$1,287,000 and is expected to be incurred during Fiscal Years 2022 through 2026.

19. New Government Accounting Standard

In June 2017, GASB issued GASB Statement 87 (GASB 87), *Leases*. The provisions of GASB 87 require that certain lessees recognize a lease liability and asset for all leases greater than 12 months. GASB 87 is effective for the College's Fiscal Year 2022.

In May 2020, GASB issued GASB Statement 96 (GASB 96), *Subscription-Based Information Technology Arrangements*. The provisions of GASB 96 require that a right-to-use subscription asset and corresponding subscription liability be recorded for applicable

contracts that are greater than 12 months. GASB 96 is effective for the College's Fiscal Year 2023.

The College's management is currently reviewing what impact, if any, these new standards will have on its future financial statements and disclosures.

20. Discretely Presented Component Unit

The following notes are provided for the College's component unit, the Foundation:

A. Nature of Organization

The Saints Foundation at Shawnee Community College (the Foundation) is a nonprofit corporation organized under the laws of the State of Illinois for the purpose of furthering the excellence of education at Shawnee Community College, Community College District #531 (the College). The Foundation is considered a component unit of the College under the accounting standards followed by the College; however, the Foundation is a separate legal entity.

The Foundation operates to secure gifts that support the mission of the College, its students, faculty, and programs through scholarships and other forms of institutional support. The Foundation's major sources of revenue and support are contributions from donors and investment income.

B. Summary of Significant Accounting Policies

- a. The Foundation's financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States. Net assets of the Foundation and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets that are not subject to donor-imposed stipulations. Contributions with donor-imposed stipulations will be treated as net assets without donor restrictions if the restriction is met during the same report period.

Net Assets With Donor Restrictions – Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Board of Directors and/or the passage of time, or that must be maintained perpetually by the Foundation. When a restriction expires, assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

- b. Investments consist of managed investment accounts comprised of various mutual funds, fixed income investments that include corporate and government-backed bond funds, and cash equivalents. These investments are stated at fair value based on quoted market prices. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

- c. Contributions of facilities and services are recognized if the benefit received (a) creates or enhances non-financial assets or (b) requires specialized skills provided by individuals possessing those skills and (c) would typically need to be purchased if not provided by donation. Such contributions are recorded at fair value on the date of the contribution and presented as in-kind contributions.
- d. The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Expenses that can be identified with a specific program or supporting service are allocated directly according to their natural expenditure classification. Other expenses that are common to several functions are allocated among the programs and supporting services benefited.

Salaries expense was allocated on Exhibit C based on the time and effort of employees devoted to each function. All other expenses are identified with a specific program or supporting service.

- e. The Foundation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.
- f. The Foundation has evaluated subsequent events through February 16, 2022, the date which the financial statements were available to be issued.
- g. In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-03, *Fair Value Measurements* (Topic 820). The provisions of the ASU will modify the disclosures on fair value measurements requiring entities to add materiality as consideration for necessity of any singular disclosure requirement. The Foundation adopted the new standard effective July 1, 2020 using the modified retrospective approach.

The adoption of this standard did not impact beginning net assets of July 1, 2020 and there was also no impact to any component of the financial statements for Fiscal Year 2021 as a result of applying this ASU.

C. Investments

Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value under generally accepted accounting principles. Topic 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. Topic 820 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. Topic 820 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels.

Level 1 Inputs to the valuation methodology are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Mutual Funds, Unit Trust, and Exchange Traded Funds (ETF) – Valued at unadjusted quoted prices for identical assets in active markets that the Foundation has the ability to access.

The following table sets forth, by level within the fair value hierarchy, the Foundation’s investments at fair value as of June 30, 2021:

	<u>Cost</u>	<u>Market</u>	<u>Fair Value Level</u>
ETF & Closed End Mutual Funds - Equity		\$ 373,375	1
Mutual Funds - Debt		318,163	1
Mutual Funds - Equity		279,950	1
ETF & Closed End Mutual Funds - Debt		246,214	1
Non-Negotiable Certificates of Deposit		92,796	N/A
Cash and Cash Equivalents		146	N/A
Total	<u>\$ 1,113,790</u>	<u>\$ 1,310,644</u>	

D. Custodial Credit Risk - Investments

At June 30, 2021, the Foundation had \$119,589 of its investments exposed to custodial credit risk related to its investments as all investments were held through a Securities Investor Protection Corporation (SIPC) member brokerage firm and the \$119,589 of the investments was in excess of the SIPC coverage limit.

E. Liquidity and Availability of Financial Assets

The following reflects the Foundation's financial assets as of June 30, 2021:

Financial Assets at Year-End:	
Cash and Cash Equivalents	\$ 98,157
Investments	<u>1,310,644</u>
Total Financial Assets	1,408,801
Less those unavailable for general expenditures within one year:	
	<u>404,075</u>
Financial Assets available to meet cash needs for general expenditures within one year:	<u><u>\$ 1,004,726</u></u>

The Foundation does not maintain a line of credit.

F. Net Assets With Donor Restrictions

Net assets with donor restrictions totaling \$334,075 at June 30, 2021 are restricted for the purpose of scholarships as designated by the donors and \$70,000 is restricted for the purpose of the development of future academic programs.

G. Concentrations

The Foundation received \$70,000, or approximately 15 percent, of its total support and revenue from one donor for the year ended June 30, 2021.

H. Recent Accounting Pronouncements

In September 2020, FASB issued ASU 2020-07, *Presentation and Disclosure by Not-for-Profit Entities for Contributed Nonfinancial Assets* (Topic 958). The provisions of the ASU will require presentation of contributed nonfinancial assets for not-for-profit entities as a separate line item in the Statement of Activities, apart from contribution of cash and other financial assets, and disclosures regarding utilization of contributed nonfinancial assets. The ASU is effective for the Foundation's Fiscal Year 2022. The Foundation has yet to select a transition method and is currently evaluating the effect, if any that the updated standard will have on future financial statements.

21. Supplemental Information

Schedules 1 through 3, Schedules 6 through 9, Schedules 11 through 13, Schedule 17, and Schedules 19 through 21 are reported using the modified accrual basis of accounting, which is a comprehensive basis of accounting other than GAAP for a special-purpose government engaged only in business-type activities.

In the schedules noted, the modified accrual basis of accounting differs from GAAP for a special-purpose government engaged only in business-type activities because:

- Capital assets are not depreciated, and depreciation expense is not presented in the schedules, except for funds considered to be proprietary operations.
- Payments of principal on long-term debt are reported as expenditures in the schedules.
- In the schedules, the full amount of summer school revenue and scholarship expense is recognized in the fiscal year in which the related term is completed.
- Expenditures in the schedules include the cost of capital asset acquisitions, except for funds considered to be proprietary operations.
- Debt service expenditures in the schedules are recorded only when payment is due, except for funds considered to be proprietary operations.
- Pension expenditures in the schedules include payments made by the College in the current fiscal year for federal, trust, or grant-funded salaries in the current fiscal year.
- OPEB expenditures in the schedules include payments made by the College in the current fiscal year for salaries in the current fiscal year.

SHAWNEE COMMUNITY COLLEGE
COMMUNITY COLLEGE DISTRICT #531
Required Supplementary Information
Schedule of Proportionate Share of Net Pension Liability - SURS

Notes to Required Supplementary Information – Pension Liability
For the Year Ended June 30, 2021
(Unaudited)

Changes of Benefit Terms

There were no benefit changes in the Total Pension Liability as of June 30, 2020.

Changes of Assumptions

In accordance with *Illinois Compiled Statutes*, an actuarial review is to be performed at least once every three years to determine the reasonableness of actuarial assumptions regarding the retirement, disability, mortality, turnover, interest, and salary of the members and benefit recipients of SURS. An experience review for the years June 30, 2014 to June 30, 2017 was performed in February 2018, resulting in the adoption of new assumptions as of June 30, 2018.

- Salary Increase – Decrease in the overall assumed salary increase rates, ranging from 3.25 percent to 12.25 percent based on years of service, with underlying wage inflation of 2.25 percent.
- Investment return – Decrease the investment return assumption to 6.75 percent. This reflects maintaining an assumed real rate of return of 4.50 percent and decreasing the underlying assumed price inflation to 2.25 percent.
- Effective rate of interest – Decrease the long-term assumption for the ERI for crediting the money purchase accounts to 6.75 percent (effective July 2, 2019).
- Normal retirement rates – A slight increase in the retirement rate at age 50. No change to the rates for ages 60-61, 67-74 and 80+, but a slight decrease in rates at all other ages. A rate of 50 percent if the member has 40 or more years of service and is younger than age 80.
- Early retirement rates – Decrease in rates for all Tier 1 early retirement eligibility ages (55-59).
- Turnover rates – Change rates to produce lower expected turnover for members with less than 10 years of service and higher turnover for members with more than 10 years of service.
- Mortality rates – Maintain the RP-2014 mortality tables with projected generational mortality improvement. Update the projection scale from the MP-2014 to the MP-2017 scale.
- Disability rates – Decrease current rates to reflect that certain members who receive disability benefits do not receive the benefits on a long-term basis.

Notes to Required Supplementary Information – OPEB Liability
For the Year Ended June 30, 2021
(Unaudited)

Changes of Benefit Terms

There were no benefit changes in the Total OPEB Liability as of June 30, 2020.

Assumptions Used

- Actuarial Cost Method – Entry Age Normal, used to measure the Total OPEB Liability
- Contribution Policy – Benefits are financed on a pay-as-you go basis. Contribution rates are defined by statute. For fiscal year end June 30, 2020, contribution rates are 0.50 percent of pay for active members, 0.50 percent of pay for community colleges and 0.50 percent of pay for the State. Retired members contribute a percentage of premium rates. The goal of the policy is to finance current year costs plus a margin for incurred but not paid plan costs.
- Asset Valuation Method – Market value
- Investment Rate of Return – 0 percent, net of OPEB plan investment expense, including inflation, for all plan years.
- Inflation – 2.25 percent
- Salary Increases – Depends on service and ranges from 12.25 percent at less than 1 year of service to 3.25 percent at 34 or more years of service. Salary increase includes a 3.25 percent wage inflation assumption
- Retirement Age – Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the June 30, 2018, actuarial valuation.
- Mortality – Retirement and Beneficiary Annuitants: RP-2014 White Collar Annuitant Mortality Table. Disabled Annuitants: RP-2014 Disabled Annuitant Table. Pre-Retirement: RP-2014 White Collar Table. Tables are adjusted for SURS experience. All tables reflect future mortality improvements using Projection Scale MP-2017.
- Healthcare Cost Trend Rates – Actual trend used for Fiscal Year 2020 based on premium increases. For fiscal years on and after 2021, trend starts at 8.25 percent for non-Medicare costs and post-Medicare costs, respectively, and gradually decreases to an ultimate trend of 4.25 percent. There is no additional trend rate due to the repeal of the Excise Tax.
- Aging Factors – Based on the 2013 Study “Health Care Costs – From Birth to Death”
- Expenses – Health administrative expenses are included in the development of the per-capita claims cost. Operating expenses are included as a component of the Annual OPEB Expense.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH STATE REQUIREMENTS FOR ADULT EDUCATION AND FAMILY LITERACY GRANT

Board of Trustees
Shawnee Community College
Community College District #531
Ullin, Illinois

Report on the Financial Statements

We have audited the accompanying balance sheet of the Adult Education and Family Literacy Grant of Shawnee Community College, Community College District #531 (the College) as of June 30, 2021, and the related statement of revenues, expenditures, and changes in fund balance for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements and Compliance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and the financial reporting provisions of the Illinois Community College Board (ICCB). Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud. Management is also responsible for compliance with the requirements of the ICCB.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the grant policy guidelines of the ICCB's *Fiscal Management Manual*. Those standards and guidelines require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements.

CERTIFIED PUBLIC ACCOUNTANTS and CONSULTANTS

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. Our audit also included a review of compliance with the provisions of laws, regulations, contracts, and grants between the College and the State of Illinois and the ICCB.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Adult Education and Family Literacy grant of the College at June 30, 2021, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Information

The accompanying balance sheet and statement of revenue and expenditures were prepared for the purpose of complying with the terms of the ICCB Grant and are not intended to be a complete presentation of the College's revenue and expenditures in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic grant program financial statements taken as a whole. The supplementary ICCB compliance schedule for the Adult Education and Family Literacy Grant (Schedule 25) is presented for purposes of additional analysis as required by the ICCB and is not a required part of the basic grant program financial statements. This schedule is the responsibility of the College's management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic grant program financial statements. This schedule has been subjected to the auditing procedures applied in the audit of the basic grant program financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic grant program financial statements taken as a whole.

Report on Compliance

In connection with our audit, nothing came to our attention that caused us to believe that the College failed to comply with the terms, covenants, provisions, or conditions of the Adult Education and Family Literacy grant as presented in the policy guidelines of the ICCB's *Fiscal Management Manual*, insofar as they relate to accounting matters.

However, our audit was not directed toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures; other matters may have come to our attention regarding the College's noncompliance.

Notes to the ICCB Grant Financial Statements
June 30, 2021

The Adult Education and Family Literacy Grant Program was established as a special revenue sub-fund of Shawnee Community College, Community College District #531 (the College) to account for revenues and expenditures of the respective program. This program is administered by the Illinois Community College Board (ICCB). The following is a summary of the significant accounting policies followed by the College in respect to this fund.

Basis of Accounting

The statements have been prepared on the accrual basis of accounting. Expenditures include all accounts payable representing liabilities for goods and services actually received as of June 30, 2021. Funds obligated for goods prior to June 30 for which the goods are received prior to August 31 are recorded as encumbrances. Unexpended funds are reflected as a reduction to fund balance and a liability due to the ICCB by October 15.

Budgets and Budgetary Accounting

Each year the College prepares a budget for the grant. The budget is prepared on the same basis of accounting as the records are maintained.

Capital Outlay

Capital outlay is charged to expenditure in the period which it is purchased instead of being recognized as an asset and depreciated over its useful life. As a result, the expenditures reflected in the statements include the cost of capital outlay purchased during the year rather than a provision for depreciation.

Certain capital outlay expenditures are accumulated in the General Fixed Assets Account Group of the College, for reporting specific to ICCB and in capital assets for external financial reporting on the statement of net position.

INDEPENDENT AUDITOR'S REPORT ON THE SCHEDULE OF ENROLLMENT DATA AND OTHER BASES UPON WHICH CLAIMS ARE FILED

Board of Trustees
Shawnee Community College
Community College District #531
Ullin, Illinois

Report on the Schedule of Enrollment Data and Other Bases Upon Which Claims are Filed

We have audited the Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed of Shawnee Community College, Community College District #531 (the College) for the year ended June 30, 2021.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with the financial reporting provisions of the Illinois Community College Board. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement, which is free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the guidelines of the Illinois Community College Board's *Fiscal Management Manual*, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards and guidelines require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

CERTIFIED PUBLIC ACCOUNTANTS and CONSULTANTS

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims are Filed of the College for the year ended June 30, 2021 is fairly presented in accordance with the aforementioned guidelines.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statement noted above. The information on Schedules 27 through 31 is presented for purposes of additional analysis as required by the Illinois Community College Board and is not a required part of the financial statement. These schedules are the responsibility of the College's management and were derived from and related directly to the underlying accounting and other records used to prepare the financial statement. These schedules have been subjected to the auditing procedures applied in the audit of the financial statement and, in our opinion, are fairly stated, in all material respects, in relation to the financial statement taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated February 16, 2022, on our consideration of the College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

SHAWNEE COMMUNITY COLLEGE
COMMUNITY COLLEGE DISTRICT #531
Documentation of Residency Verification Steps
For the Year Ended June 30, 2021

The following procedures detail the process for verifying the residency status of the students of Shawnee Community College, Community College District #531:

In-District Student

Description: A student who has lived in Johnson, Alexander, Massac, Pulaski, or Union counties for at least 30 days prior to the beginning of the semester.

Residency Code: In-district

Acceptable Documentation: Includes driver's license, voter registration card, property tax statement, in-district high school transcript, utility or phone bill, automobile license registration, or statement from the student verifying his/her address. This statement must be verified by sending correspondence to the address.

Tuition Charge: Current in-district tuition charge

Student Employed Full-Time in the District

Description: An Illinois resident who lives outside the district but works at least 35 hours per week at a business or industry located in the district.

Residency Code: In-district

Acceptable Documentation: A signed letter from employer verifying that the student works at least 35 hours in the district.

Tuition Charge: Current in-district tuition charge

Out-of-District Student

Description: A student who has lived outside the district boundaries but within the state of Illinois for at least 30 days prior to the beginning of the semester.

Residency Code: Out-of-district

Acceptable Documentation: Includes driver's license, voter registration card, property tax statement, in-district high school transcript, utility or phone bill, automobile license registration, or statement from the student verifying his/her address. This statement must be verified by sending correspondence to the address.

Tuition Charge: Current out-of-district tuition charge

Chargeback Student

Description: A student who lives in Illinois outside the district boundaries but attends Shawnee Community College because his/her home Community College does not offer a specific degree/certificate program.

Residency Code: Out-of-district

Acceptable Documentation: A signed chargeback agreement from home community college. Documentation maintained by the Business Office.

Tuition Charge: Current in-district tuition charge

Reciprocal Agreement Student

Description: A student who lives in the district of a College participating in the Comprehensive Agreement Regarding the Expansion of Educational Resources (CAREER) and attends Shawnee Community College for the purpose of enrolling in a program or specific course not offered by the home community college. Since this is an agreement made among these colleges, a chargeback request is not required.

Residency Code: Out-of-district

Acceptable Documentation: A letter of reciprocity from the home community college. Documentation maintained by the Business Office.

Tuition Charge: Current in-district tuition charge

Out-of-State Student

Description: A student who lives outside the state of Illinois.

Residency Code: Out-of-state

Acceptable Documentation: None is required.

Tuition Charge: Current out-of-state tuition charge

International Student

Description: A student who lives outside of the United States.

Residency Code: Out-of-country

Acceptable Documentation: None, other than the typical international student admission paperwork which is completed with the Dean of Student Services or Registrar.

Tuition Charge: Current foreign student tuition charge

International Athlete

Description: A student who lives outside of the United States but attends Shawnee Community College for the purpose of playing collegiate sports.

Residency Code: Out-of-country

Acceptable Documentation: None, other than the typical international student admission paperwork which is completed with the Dean of Student Services or Registrar.

Tuition Charge: Current foreign student tuition charge

International Student with U.S. In-District Sponsor

Description: A student whose permanent residence is outside of the United States but who lives with and is financially sponsored by a resident within the college district.

Residency Code: Out-of-country

Acceptable Documentation: None, other than the typical international student admission paperwork which is completed with the Dean of Student Services or Registrar.

Tuition Charge: Current foreign student tuition charge

Returned Mail

When mail is returned to the College in which the post office has provided a label indicating the forwarding address is out-of-district or out-of-state, the College will correct the address in the computer system.

SHAWNEE COMMUNITY COLLEGE
COMMUNITY COLLEGE DISTRICT #531
Background Information on State Grant Activity
For the Year Ended June 30, 2021

Unrestricted Grants

Base Operating Grants – General operating funds provided to colleges based upon credit enrollment.

Equalization Grants – Grants provided to institutions with less than the statewide average local tax dollars available per full-time equivalent student.

Statewide Initiatives

Other Grants – These other grants are additional contractual grants provided for special or specific system-related initiatives. These grants are supported by signed contracts between the College and the State of Illinois. A description of the grants supported by grant agreements may be found in the appendix of the grant agreement governing these grants.

Restricted Adult Education Grants/State

State Basic – Grant awarded to Adult Education and Family Literacy providers to establish special classes for the instruction of persons of age 21 and over or persons under the age of 21 and not otherwise in attendance in public school for the purpose of providing adults in the community, and other instruction as may be necessary to increase their qualifications for employment or other means of self-support and their ability to meet their responsibilities as citizens including courses of instruction regularly accepted for graduation from elementary or high schools and for Americanization and General Education Development Review classes. Included in this grant are funds for support services, such as student transportation and childcare facilities or provision.

Performance – Grant awarded to Adult Education and Family Literacy providers based on performance outcomes.

SHAWNEE COMMUNITY COLLEGE
COMMUNITY COLLEGE DISTRICT #531
Notes to the Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2021

1. Summary of Significant Accounting Policies

The accompanying Schedule of Expenditures of Federal Awards (Schedule 33) includes the federal grant activity of Shawnee Community College (the College) for the year ended June 30, 2021. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements of the College, which are presented in conformity with accounting principles generally accepted in the United States of America.

The College did not use the 10 percent de minimis indirect cost rate. The indirect allocations allowable under the TRIO Cluster was \$44,832 for the year ended June 30, 2021. The indirect allocations allowable under the Higher Education Emergency Relief Fund – Institutional Portion was \$244,661 for the year ended June 30, 2021.

2. Basis of Accounting

The schedule has been prepared on the accrual basis of accounting. Expenditures include all accounts payable representing liabilities for goods and services received as of June 30, 2021.

3. Property and Equipment

Property and equipment purchases that are presented as expenditures in the schedule may be capitalized by the College, if applicable.

Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2021

1. Summary of Auditor's Results

- (i) Type of audit report issued on the financial statements: Unmodified
- (ii) The audit did not disclose a significant deficiency or material weakness in internal control that is required to be reported in accordance with *Government Auditing Standards*.
- (iii) The audit did not disclose instances of noncompliance material to the financial statements that is required to be reported in accordance with *Government Auditing Standards*.
- (iv) The audit disclosed an instance of a significant deficiency and did not disclose a material weakness in internal control over a major federal award.
- (v) Type of report issued on compliance for the major programs: Unmodified
- (vi) The audit did not disclose a finding that is required to be reported in accordance with 2 CFR Section 200.516a.
- (vii) Major Programs:
 - U.S. Department of Agriculture:
 - Distance Learning and Telemedicine Loans and Grants CFDA #10.855
 - U.S. Department of Education:
 - COVID-19 Education Stabilization Fund
 - CFDA #84.425C
 - CFDA #84.425E
 - CFDA #84.425F
 - CFDA #84.425M
- (viii) The dollar threshold used to distinguish Type A and Type B programs was \$750,000.
- (ix) The College qualifies as a low-risk auditee.

2. Findings – Financial Statement Audit

None noted

3. Findings and Questioned Costs – Major Federal Award Program Audit

Department of Education

2021-001: Higher Education Emergency Relief Fund – Reporting

Assistance Listing Numbers: 84.425E, 84.425F, 84.425M

Grant Period – Period ended June 30, 2021

Type of Finding:

- **Significant Deficiency in Internal Control Over Compliance**

Condition

Controls surrounding reporting for the Higher Education Emergency Relief Fund were not effective in preventing inaccurate and late filings.

Criteria

Under Uniform Guidance, management of the College is responsible for establishing and maintaining effective internal control over compliance with compliance requirements that have a direct and material effect on the College's federal programs.

Cause of Condition

Personnel involved with reporting responsibility did not have adequate training and support or proper oversight to maintain compliance with the grant guidelines.

Effects of Condition

Our audit procedures noted late filings, reporting data not representative of the report period, inaccurate data elements, and inadequate documentation to support timely report submissions as is required by grant guidelines.

Questioned Costs

There were no questioned costs.

Context

Annual HEERF Reporting - The 2020 annual report was tested. The submission date of the 2020 annual report was not documented by the College. The 2020 annual report included an inaccurate percentage of students that received grants as of December 31, 2020.

Institutional Portion - SIP Quarterly Public Reporting - Two of the four quarters in fiscal year 2021 were tested, the first and third quarters. The third quarter report was submitted late. The third quarter report was also found to include cumulative information for the fiscal year rather than quarterly information.

Student Aid Quarterly Public Reporting - Three quarterly reports were due within fiscal year 2021 and all were tested for timely submission. All three reports were submitted after the required posting dates. The second report due in the fiscal year, for the quarter ended December 31, 2020, was tested for accuracy. The report for December 31, 2020 reported an inaccurate percentage of students that received grants as of December 31, 2020.

Repeat Finding

This finding does not repeat a previous finding.

Recommendations

1. When the College accepts new and complex grants, consider the training and additional personnel needed to support effective internal controls over grant requirements.
2. The College should consider adding levels of review and approval for sensitive grant reporting. Also, the review of reports and submission dates should be documented by personnel involved.

View of Responsible Official

Regulations surrounding the Higher Education Emergency Relief Fund were a challenge to keep up with due to their complexity, the speed at which the regulations required action, and their changing nature. Management has been made aware of exceptions noted during the audit referenced above. College personnel that were involved in the reporting process will evaluate their roles in reporting with new grants in order to determine appropriate action such that the issue does not occur in the future.

SHAWNEE COMMUNITY COLLEGE
COMMUNITY COLLEGE DISTRICT #531
Summary Schedule of Prior Audit Findings
For the Year Ended June 30, 2021

The College has no prior audit findings.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS*

Board of Trustees
Shawnee Community College
Community College District #531
Ullin, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Shawnee Community College, Community College District #531 (the College) and its discretely presented component unit for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the basic financial statements of the College and have issued our report thereon dated February 16, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a

CERTIFIED PUBLIC ACCOUNTANTS and CONSULTANTS

deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected, and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees
Shawnee Community College
Community College District #531
Ullin, Illinois

Report on Compliance for Each Major Federal Program

We have audited Shawnee Community College, Community College District #531's (the College) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the College's major federal programs for the year ended June 30, 2021. The College's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirement of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative*

Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the College's compliance.

Opinion on Each Major Federal Program

In our opinion, the College, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies,

therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance as described in the accompanying schedule of findings and questioned costs as item 2021-001 that we consider to be a significant deficiency.

The College's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The College's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
