This tool further supports access to data for decision-making and prevents reliance on one person or department for data.

IV. Review of Transfer Procedure – Emily Forthman

Council members reviewed the Transfer, Promotion, Demotion procedure. References to transfer within the policy should be replaced with wording that does not limit move to transfer only. Discussion included the need for a master list of definitions to be maintained by the President's office. The goal is for definitions to be linked from policies directly to the master list kept on the Shared Governance drive. This will prevent the need for definitions to be listed in individual policies/procedures.

Items Requiring Action

VII. Board-Ready Monitoring Reports, Executive Council Review – Dr. Teske

Reviewed how members can access the Board Monitoring Reports. Members were reminded that key performance indicators are used to monitor progress. Also, monitoring reports should be written directly to the values found in Board policy. Successes should be included, but challenges should be clearly stated along with resources needed to overcome these challenges. The budget process will then be used to address these needs.
