Cultural Awareness Team
June 17, 2024

The Cultural Awareness Team did not hold a regular monthly meeting.
The team collaborated with Unexpected Virtual Tours & Training to offer a virtual Juneteenth Emancipation team-building session. The virtual training tells the story of emancipation with engaging in-studio hosts and a live, on-location guide in Hampton, VA. It traces the origins of Juneteenth, explores the story of emancipation, and honors the heroes who risked it all to free a nation.
